WESTVACO STILL TOPS TOWNSHIP SOFTBALL LEAGUE

NEWARK — During the short week of play in the Washington Township Softball league several incidents occurred. First, Westvaco, league leaders, lost their first game in the league when Occidental scored a 6 to 1 upset over them; second, Wedgewood had to forfeit both of their games; third, Westvaco's star third baseman Ralph Chapman was injured Monday evening when he spiked himself sliding into second base; Wednesday evening, Julie Pine of the Woodmen of the World was spiked, and also had to leave the game and be rushed to a doctor.

No game was played Friday evening due to the Senior Ball being held at the high school gymnasium, at which many of the ballplayers of the various teams were present.

The league standings this week show Westvaco holding first place by a few points as they have played more games up to date than their two closest contenders. At the present time rumor has it that Woodmen of the World, the last team to enter the league, and the dark horse team, is going to be the team to beat.

A blackout system has been adopted by the association and through the cooperation of the fans special arrangements will be made to see that everyone will be just as safe as in their own home.

The results of last week's games follow:

Monday evening: first game, Wedgewood defeated Central Chev. 4 to 1, but Chevie was given credit for the win as Wedgewood was unable to produce ten players even after the two inning ruling. The second game saw Westvaco nose out Knights of Columbus 7 to 6 and lose their star third baseman, Ralph Chapman, who was injured. "Lefty" Miller was the winning pitcher, while John Vierra, pitching his first game of the season for the Knights, was the loser.

On Wednesday evening in the first game Occidental upset Native Sons by a score of 6 to 1. Telles, winning pitcher allowed the league leaders five hits. Occidental scored four of their six runs in the opening inning. Herbert Strub for the winners hit a home run. In the second game, Woodmen of the World defeated Wedgewood by a score of 9 to 1, even though the Woodmen were credited with the win after the second inning as Wedgewood was unable to place ten regular players on the field by that time. Larry Rogers, winning pitcher, pitched 3 hit ball and the previous week against Central Chev. pitched a no run-no hit game — what a record for a youngster! Joe Robello for the winners hit a home run with the bases loaded at the time.

The schedule next week finds on Monday evening: Native Sons playing Woodmen of the World; and Westvaco entertaining Central Chev. Wednesday evening: Wedgewood vs. Native Sons; and Knights of Columbus vs. Occidental.

On Friday evening Central Chev. tangles with Woodmen of the World; while Wedgewood meets their rival team, Occidental.

LEAGUE STANDINGS				
Teams	W	L	Pct.	
Westvaco	4	1	.800	
Native Sons	3	1	.750	
W. O. W.	3	1	.750	
Occidental	2	2	.500

GAS MASKS ISSUED

Seventy five of the latest model gas masks were issued to firemen and Sheriff's Deputies in Washington Township late last week and a school of instruction in their use was held last Saturday noon at the Centerville Fire Department. This was the initial allotment and was not nearly enough to go around among the 500 or more firemen, deputies and Air Raid Wardens in this Township. Each mask costs \$35 and is good for 13 hours use.

SUGAR RATIONING HOURS RESTRICTED AT NILES BOARD

By reason of the volume of work to be done, the hours for applying for canning sugar at the Township Rationing Board in Niles have been set as follows:

Monday, Tuesday and Friday afternoons only, from 1 to 4:30 p. m.

Institutional users of sugar may apply only on Monday and Friday morning from 10:30 o'clock to 12 noon.

Parties applying should bring with them their sugar ration books, the number of quarts of fruit on hand and the number to be canned this year.

After the application is made it takes about three days to issue the certificate. The whole amount of sugar called for on the special certificate must be purchased at one time.

Mr. A. W. Ebright of Niles, a board member is donating considerable of his time to helping with the crush of work, as are two ladies assisting with the typing and other office work.

With the exception of one paid clerk, all the work is done voluntarily, and the public is asked to be patient.

BIDS WANTED FOR BUILDING SUITABLE FOR NILES POSTOFFICE

Landlords in Niles who have vacant buildings of not less than 1750 square feet of floor space, who can meet certain other requirements are invited to submit written proposals for five or 10 year leases as the Niles Postoffice building, addressed to Inspector W. H. Hudson, room 231, Postoffice Building, San Francisco.

Such bids must be presented before July 3 and the building must be available for occupancy on December 1 of this year. Full particulars may be found on a notice posted on the bulletin board nearest the door at the Niles Postoffice, according to Postmaster E. E. Enos.

REVEREND GRABILL COMING IN AUGUST TO NILES CHURCH

Reverend D. Q. Grabill of Wisconsin will assume the pastorate at the Niles Congregational Church for the month of August only, according to a letter received by the Church secretary, Mrs. Nell Myers, last week.

He will arrive in Niles in time to preach at the morning service on Sunday, August 2 and will conduct the services for the following four Sundays in August.

Mrs. Grabill will not be with him during his forthcoming visit, his letter says.

SCOUT TROOP AT IRVINGTON ENJOYS BARBECUE

IRVINGTON — Members of the Irvington Boy Scout Troop were guests of Allan Hirsch, Irvington merchant on Saturday night at a wienie roast held at the grammar school playground.

The affair was given in honor of Hirsch's son Allan Richard, who arrived home from the East Oakland hospital last week.

Scoutmaster J. R. Silveria has planned outdoor meetings of the local troop on the first and third Tuesdays of each month during the summer in keeping with a policy advocated by the Civilian Defense Council to keep Scout troops intact during the vacation for emergency messenger work.

Spirit of '42

Synopsis

Our Flag stands for Freedom, Justice, and Equality.

During our national existence, the principles for which our flag stands have been challenged, but in each instance, Old Glory has "Come safely through the storm".

Tonight your boys and girls, through the medium of words, songs, and music, will give you a picture of our heritage and, our mutual obligations.

Enjoy with them, this patriotic pageant. Let each of us realize to the fullest extent our duty to our country and to our flag. Such is the Spirit of '42!

NILES MEN'S CLUB DINNER CANCELLED

By reason of a conflict with a Masonic Lodge event planned for the same night, and the fact so many members are absent or going away, the regular monthly dinner meeting of the Niles Fellowship club scheduled for next Wednesday evening, June 17, has been cancelled.

The dinner, planned as a "Dick Day" testimonial dinner will be held in September, according to E. F. Glassbrook, chairman, at which time it is hoped Pastor Day can be with us.

NO JAPANESE HAS YET REPORTED ON ANOTHER JAPANESE

SAN FRANCISCO — The evacuation of about 100,000 persons of Japanese ancestry from the coastal areas of Washington, Oregon and California and Arizona's southern frontier has been completed within the time designated by Lieutenant General J. L. DeWitt — completed without mischance, with minimum hardship and almost without incident, it was announced today.

It is an achievement without precedent in American history. Never before has military necessity dictated such a program.

It provided a test of what the Army could do in an hour of peril. By count 99,770 persons of Japanese ancestry were removed.

Many Japanese, Army authorities hold, are loyal to the United States. But the Army knows that many are not loyal.

"Contrary to other national or race groups" Colonel Karl R. Bendtsen, Assistant Chief of Staff, Western Command and Fourth Army, who was in direct charge of the evacuation operation, told the Commonwealth Club of San Francisco, "the behavior of the Japanese has been such that in not one single instance has any Japanese reported disloyalty on the part of another specific individual of the same race. . . I think that this attitude may be, and can be, a most ominous thing."

SALVAGE DRIVE NOW UNDER WAY AT CENTERVILLE

CENTERVILLE — A "Get in the Scrap" salvage drive of old metal and rubber was inaugurated here this week for citizens of Centerville and the surrounding country, sponsored by the Centerville Lions Club with Jack Rees as chairman, and the Centerville Boy Scout troop.

A depository has been selected on the lot adjoining the Centerville Firehouse and citizens, especially farmers are urged to bring in any sort of scrap metal, such as old stoves, pipe, license plates, etc. and rubber goods such as old tires, tubes, hot water bottles etc.

Be patriotic and "get in the scrap!"

FIRST CASUALTY FROM MISSION IS INTERRED

MISSION — On Monday funeral services were held at the Sorenson Parlors in Hayward for the late husband of Mrs. Ernest Azeveda, who was drowned in Canada several weeks ago. He was the first of our boys in service to be taken by death and his many friends and relatives mourn his passing. The services were held at the All Saints Church and burial was made in the Hayward cemetery. His closed casket was draped with the American flag and the American Legion of Hayward and Niles were in attendance. His soldier chums accompanied the body and stood guard until final taps were sounded.

COUNTY JOBS OPEN

OAKLAND — The Alameda County Civil Service commission will accept applications up to June 17 for the job of deputy fire warden, salary \$110 per month and for associate laboratory technician at \$140 per month. Full information may be had at room 205, county courthouse in Oakland.

FORTY MEMBERS ENJOY FIREMEN'S TESTIMONIAL DINNER

Forty members of the Niles Fire Department, the Niles Chamber of Commerce and their guests enjoyed a bang-up steak and wine dinner served last Thursday night in the banquet room of the City of Florence Restaurant.

This was the annual testimonial dinner given by the Chamber to express the townspeople's appreciation of the unselfish work done the year 'round by the fire laddies.

The Chamber's president, Dr. T. C. Wilson acted as master-of-ceremonies and E. F. Glassbrook was program chairman. Some spirited rapartee was enjoyed and guests were introduced.

Officer Peter Starasinic announced that 75 gas masks had been received at Centerville and were to be distributed to the regular firemen, sheriff's deputies and rescue squads, as far as the masks would go. He also said the Sheriff's office was working on the false alarm problem here at Niles and hoped to have the fire department number changed.

Commissioner E. E. Dias said he had asked the PT&T manager at Hayward to let the Hayward operator receive Niles fire calls and herself make the connection that set off the siren. The person so reporting would have to give his or her name and the location of the fire to the Hayward operator. This would put a stop to false alarms.

Following the excellent repast Deputy Sheriff Ben Olsen trotted out his bag of tricks and mystified his audience with the remarkable things he did. A pitcher of milk was poured into a newspaper rolled into a cone, and the milk disappeared. A certain card left in a deck was found inside a balloon after the balloon was popped. A length of rope cut in several places was made whole again right before their eyes. And so on for an enchanting half hour.

L. W. Musick of Decoto then took the floor and gave a rapid talk on explosives, the different types of bombs and incendiaries, then Gospel of Jesus Christ there is the bomb and fire control.

A. M. Alves expressed sincere thanks from the firemen and the commissioners for an entertaining and instructive evening.

The climax of the evening came when everybody filed by the yawning cash register without having to pay. . . it was "on the house" so far as the diners were concerned. (Yes, A. J. Petsche still signs the check for the N. C. C.!)

USE SUGAR STAMP

Register readers are advised that stamp No. 3 in their sugar ration book will become worthless if not used to buy sugar before grocery stores close this Saturday night, June 13.

Coming Events

FRIDAY
7:30 p. m. Niles Grammar school graduation exercises.

SATURDAY
1:30 p. m. Livermore Rodeo opens. Afternoon and evening. Concludes Sunday afternoon.

Sugar Stamp No. 3 expires tonight.

9 p. m. Dance at Newark Pavilion.

SUNDAY
FLAG DAY. Hang out Old Glory!

MONDAY
8:30 p. m. Public whist party at Corpus Christi Parish House, Niles.

WEDNESDAY
9:30 a. m. Niles Congregational Church Sunday School outing at Alum Rock Park.

Warm Springs School Graduation exercises.

THE GROUND OBSERVATION CORPS

By Harry Houle
SACRAMENTO — They wear no uniforms. They probably will never march in a parade, nor is it likely that their pictures will ever appear in the society pages of the daily newspapers. But to these unsung and unhonored "heroes" of our present war emergency, millions of other Californians should daily give praise.

They are the thousands of citizens of the Ground Observation Corps — the people who devote their time that San Francisco, Los Angeles and all other communities of the state will not suffer the fate of Pearl Harbor as the result of a surprise attack by enemy planes.

The exact number of citizens enrolled in the service is a military secret, but just as an indication, it is permissible to reveal that at the outbreak of the war, there were 1,200 watching posts in the state. Since December 7, the number has grown by leaps and bounds. Consider that each post is constantly manned and that the average "watch" duty is from two to four hours, and it does not require too much arithmetic to prove that scores of thousands of patriotic Californians are doing their bit. And in the inner circles of military and state officialdom, these thousands of "unknowns" are affectionately referred to as "Bill Farrell's family."

— Who Is Farrell?
Farrell, listed on the rolls of the State Council of Defense as William J. Farrell, director of the Ground Observation Corps, is not responsible for the creation of the corps. Farrell, whose home town is Petaluma, is junior past commander of the American Legion, Department of California. He is responsible, though, for the maintenance of the service. He is the man who makes the appointments, the troubles of his "watchers" are his troubles, he constantly worries about the tire rationing with those of his "family", who must drive 10, or 15, or 25 miles to their posts,

he worries about the expenses which they must assume, and he is constantly trying to solve these problems.

The Ground Observation Corps is one of the main responsibilities of the California State Council of Defense, just as it is the responsibility of the defense councils in other states throughout the nation. It came into being last June, when it was organized by the Army's Fourth Interceptor Command, and before the State Council, still in the formative stages, was financially and from a personnel basis able to carry the immediate burden.

— 100% Efficient

The state assumed responsibility as soon as possible, and on the morning of December 7, the corps was operating with 100 per cent efficiency, a record it still maintains despite the great increase in the number of observation stations and the personnel required to man these stations.

There are numerous cases of devotion to duty that could be cited. For instance there was the woman on an isolated farm in the southern part of the state, who shared the observation duty with her husband. When he suddenly passed away, she carried on alone for several weeks until relief could be provided. And, during that time, Farrell reports, she never failed to report the approach of a plane in her district. There are other cases, many others. But the watchers consider personal inconveniences, and unexpected long hours of duty, as just a part of the game. There is a great inward satisfaction from the sense of doing the job, doing it well and not complaining.

And what do they do — these thousands of patriotic volunteers? Well, let's take the case of Mrs. Mary Brown who lives in Tehama, San Joaquin, San Luis Obispo, or possibly Humboldt county. Mary and another woman (for there are except in isolated cases, always two watchers on duty) hear the

sound of airplane motors.

— Spots The Planes

Scanning the skies, Mary spots the planes.

"Two of them, single motors, flying high, west, heading south," she calls to her co-worker.

Mary's companion picks up the receiver of the telephone.

"Army flash, Johnstown 339-F," she informs the operator. Almost immediately she hears: "Army, go ahead, please."

Having already reported the date and the time on the record sheet while she waited for the connection, she quickly reports:

"Two single, high, seen 22-Rose-4, west two miles, south."

Now, that might sound like so much Greek to the casual observer, but the brief conversation gave all the information that was necessary to aid in protecting the citizens and cities of the state.

The "Army, flash" to the operator immediately linked Mrs. Brown and her companion perched in the observation station atop a water tower near the Brown farm with the Army's filter board operator.

— Translating The Message

As translated on the filter center report blank, the phoned message conveyed the information that two single motored planes, flying high were seen by a certain post (code name: 22-Rose-4) two miles to the west of that post and flying south. The filter center knows the exact location of that post, and as the reports continue to come in from that area, the course of the planes is readily charted.

And so while the millions of other Californians work, eat and sleep, Bill Farrell's family of airplane spotters is constantly on the job. They don't wear uniforms and will probably never march in a parade, and it is a sure bet that the vast majority of them will never have their pictures on the society pages.

They are just every-day loyal, patriotic Americans. They have a job to do. They are doing it, and doing it well.

IRVINGTON

Mrs. Pearl Dargitz
Correspondent

The St. Jude Institute of the Irvington Y. L. I. were guests of the I. D. E. S. at the official visit which was held on June 8 at the Leal hall.

Mrs. Norene Carter and sons, Donald and Jerry of Oakland spent the weekend with Mrs. Pearl Dargitz and children, Clytelle and Wanda.

A first birthday party, given in honor of young David Marshall was held at the home of his parents, Mr. and Mrs. John Marshall on June 3. Those present were Marie, Florence and Hazel Silveria, Dorothy, Beatrice, Lorraine and Jean Albert, Eddie and Ronny Silva, Higinie Silva and Jackie Marshall. Refreshments were served, games were played and prizes were given.

On Saturday, June 6 Mrs. Bessie Olace entertained the executive board of the Irvington Parent-Teachers association at a luncheon at her home. The 16 guests that were present were dressed in costume. After luncheon was served the afternoon was spent in cards.

The total amount of War Stamps purchased by the students of the Irvington Elementary school was \$1121.05 and 33 War Bonds were also purchased amounting to \$850.

Bob Groat, who for 15 years has served as night watchman at

TUMBLING ON ICE IS NEW STUNT AT THE ICE FOLLIES

Tumbling on ice, a strenuous and difficult activity at best, is presented, garnished with hilarious comedy touches, nightly at Winterland in San Francisco, by the McKellens, Gil and Tuffy, in Shipstad and Johnson's dazzling Ice Follies of 1942.

Former Michigan state tumbling champions, the two pint-sized blade artists transferred their acrobatics to ice quite casually in 1935 while they were working in a Muskegon, Michigan, ice rink. One evening, after an Ice Follies performance, the boys were practicing their stunts when Oscar Johnson and Eddie Shipstad saw them. After that it was on and up.

Previous to this Horatio Alger episode, the boys had indulged in practically every sport in the book. They played football, softball, baseball and hockey. Gil took a shot at pole vaulting and a dash at track, while Tuffy was declared the best cheerleader in Michigan.

As football players in the current dazzling Ice Follies of 1942, Gil and Tuffy are surpassing their own previous amazing performances. Skimming over the ice in a series of unbelievable stunts, at the same time playing football, the McKellens nightly tax the credulity of capacity audiences at Winterland.

PG&E EMPLOYEES ASSURED OF JOBS AFTER THE WAR ENDS

All Pacific Gas and Electric Company employees who serve in any branch of the armed forces are assured of jobs in the company when the war ends, with all their rights preserved.

P. M. Downing, vice president and general manager of the company, has announced that "the P. G. & E. is doing everything that human foresight can conceive to provide for the rehabilitation after the war of all employees in the American forces — to give them jobs, to preserve their service and seniority rights, to safeguard plans for their eventual retirement with pay, to protect their future in other ways."

Vice president Downing made this declaration during the dedication of the P. G. & E. service flag, which now shows more than 850 employees in military service. And the total is growing daily.

Washington Union High school will retire on Sunday, June 14. He will then take his two weeks vacation and is planning to visit his sister in Daly City.

Mrs. Josephine Morris left on Sunday for New York where she will attend summer school.

Mr. and Mrs. E. A. Quaresma and children spent the weekend with relatives in San Luis Obispo.

Mr. and Mrs. Will Benbow entertained the Night Bridge Club on Monday.

Walter Rose, who was at the San Jose hospital for several days is now at home and his condition has improved. His many friends wish him a speedy recovery.

Rose and Ann Marshall spent several days with their sister, Mrs. Bernice Garcia at Santa Clara.

TWO EMPLOYEES AT HIGH SCHOOL RETIRING SOON

CENTERVILLE—George Wales, 77, former constable and deputy sheriff, and Robert Groat, 72, early day San Francisco night-club musician, now employed as custodian and night-watchman at the Washington Union High school, are beginning a real vacation this month.

Both have been in their present positions for about 16 years and will retire in June, the first of the school's employees to benefit from the pension provided for by the State Employment Compensation System adopted by the school last year. Both say they are "going to take it easy" with hunting and fishing trips as choice recreation.

Wales was constable in Washington Township in 1892 and afterwards served for 26 years as a deputy under the later Sheriff Oscar Rogers. He still resides on the family ranch between Centerville and Newark, where he was born and to which came his father, William Wales, of Maine, in 1851. The retiring custodian has four children, Miss Emma Wales, of Oakland; Clarence, a ship worker at Mare Island; Harold E., of the University of California laboratory staff, and Leland, now in Alaska.

Groat played in popular cafes in San Francisco before the 1906 earthquake. He recalls that on that particular night he made \$18 in salary and tips and had gone to bed about 45 minutes before the quake. The family home at 20th and Valencia was dynamited by firemen to control spread of the flames. He taught piano and at one time could play 96 marches from memory. Recently he was featured on the high school vodvil here playing one of his own compositions. His only relative is a sister, Mrs. Harry Tribble, of Daly City, whom he expects to visit before settling down at Irvington.

SCIENTISTS HOLD ANNUAL MEETING IN HUB CITY

BOSTON — The great task now confronting a liberated America, which more than three quarters of a century ago fought a four-years war to free the slaves, is to aid in working out the freedom of the whole world from slavery. The Christian Science Board of Directors told several thousand Christian Scientists gathered in annual meeting in Boston today.

Declaring that this would be the sentiment expressed by the Nation's martyred President, Abraham Lincoln, were he here today, the Directors pointed out that "through the ages tyrants have endeavored to govern and control men by engendering fear," and quoting from Mary Baker Eddy's work, "Miscellany" (p. 191), they further say, "Persecution is the weakness of tyrants engendered by their fear, and love will cast it out."

The Directors' statement was the high light of the Annual Meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, which annually draws thousands of visitors to the Hub City from all parts of the world. This year, however, the audience was more localized due to unprecedented world conditions that keynoted most of the reports to the meeting. The Directors emphasized the world-wide emergency as presaging a more universal turning to spiritual enlightenment as the pathway to future world peace.

BANK OF AMERICA HAS 1255 YOUNG MEN IN SERVICE

With simple ceremony, a war service flag was unfurled today at the branch of the Bank of America in Centerville, showing that 1255 young men of the bank had responded to the call to arms.

The flag, unfurled by Mr. H. B. White, manager in the presence of the staff, consists of a large blue star on a white background, framed with a red border. The number of men in the services is indicated by white numerals on the blue star. Men who have given their lives are represented by individual gold stars, and four such stars are now attached to the flag.

Mr. White pointed out that while additional men from the bank's statewide organization were going into the armed forces daily, the numerals on the flag will be changed only once a month.

CHRISTIAN SCIENCE CHURCHES

"God the Preserver of Man" will be the subject of the Lesson-Sermon Sunday, June 14, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. The Golden Text will be: "The Lord is our defence; and the Holy One of Israel is our King." (Psalms 89:18).

Other Bible citations will include: "And great multitudes came unto him, having with them those that were lame, blind, dumb, maimed, and many others, and cast them down at Jesus' feet; and he healed them: Insomuch that the multitude wondered, when they saw the dumb to speak, the maimed to be whole, the lame to walk, and the blind to see: and they glorified the God of Israel." (Matt. 15:30, 31).

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus walked on the waves, fed the multitude, healed the sick, and raised the dead in direct opposition to material laws. His acts were the demonstration of Science, overcoming the false claims of material sense or law." (p. 273).

A WARTIME NECESSITY—

Duration-ize your appliances with timely repair!

THERE are not going to be any more appliances manufactured for home use for an indefinite period. So we are going to be a lot more careful in the use of all things we own and we must keep in good repair, all of the mechanized equipment used on the Home Front. In the past, we could always buy new and better and more efficient equipment. BUT NOT now! That is not for the duration.

We must all of us in the U. S. A.—Duration-ize our home appliances with timely repair. It is a wartime necessity. So to meet this necessity, this Company, and the manufacturers, and the dealers from whom you bought your appliances, have set up a service of repair. It means a check-up service to improve the operation efficiency of the household appliances. It means a repair service with factory-made replacement parts to restore appliances to efficient low-cost operation.

Take a look at your appliances today. Will they see you through the war? You will be wise to Duration-ize with timely repair.

DISCUSSION GROUP ENJOYS STUDYING RECENT BEST SELLER

DECOTO — The Decoto Discussion Group met Friday, June 5 at the home of Mrs. Helen Brown where a delicious dessert course of ice cream and cookies was served at noon by the hostess, assisted by Miss Cecilia Janeiro and Mrs. Frances Mara. The luncheon table was strikingly decorated with a center arrangement of red, white and blue flowers and candles of the same colors.

Plans were made at this time for an evening meeting at the home of Mrs. Mara to arrange the program for next year. Also, an outdoor meeting was planned at the home of Mrs. Amy Brown for August.

The discussion of the book, *The Mother of the Smiths*, was in charge of Mrs. Leontine Costa who opened the program with an interesting sketch of the author's life. Mrs. Costa's careful preparation and sympathetic and thoughtful interpretation of the characters and their problems inspired one of the most animated discussions of the year.

The July meeting will be held at the home of Mrs. Leontine Costa and will be a study of the short story. The leader, Mrs. Elsa Walker has selected twelve short stories of note from French literature. A study of the fundamentals of story technique will be followed by a general discussion of each story and a reading by each member, from the story assigned to her. The public speaking drill will be on different phases of the subject, "The Need for More Leisure in American Life."

Mrs. Dorothy Roberts and Miss Florence Little of the Alameda County Library were guests.

DEFENSE WORKERS TO BE ASKED TO DRIVE SLOWER

Using the nation-wide slogan, "Drive Slower to Speed Victory" the Niles Chamber of Commerce, at their Monday luncheon meeting at the City of Florence Restaurant in Niles moved to write the managers of the industrial plants in Washington Township to ask their employees to "keep it under 40."

The project was introduced by Walter Waynflete upon request of George C. Roeding Jr., chairman of the Township Rationing Board, who says he believes defense workers are abusing their privilege of being able to get new tires and recaps by driving much too fast. Mr. Roeding also has pointed out that defense workers do not fill their cars to capacity.

The Chamber also authorized Waynflete to send for 500 "Zip Your Lip" windshield stickers to be imprinted with the name of the Niles Chamber of Commerce and distributed by the members of the body to their customers and friends.

Secretary A. J. Petsche reported the chamber now had 40 paid-up memberships, with a few members still remaining unpaid.

The Newark Bridge Club met Friday evening with Mr. and Mrs. Ray Truscott. Refreshments were served.

GRADUATION PARTY

NEWARK — A large number of relatives and friends of Mr. and Mrs. John Freitas on George Street were present Sunday evening at a graduation party held in honor of their daughter, Eleanor, who graduated from Washington Union High school on Sunday at 4:30 p.m. Refreshments were served and many beautiful gifts were received. Miss Freitas is employed in the office of the Kimber Poultry Farm near Niles.

IRVINGTON PTA INSTALLS ITS OFFICERS JUNE 4

IRVINGTON — On Thursday evening, June 4 the Irvington Parent Teachers association held a Pot Luck Supper and Installation at the Irvington Elementary school with 60 members attending. Mrs. C. N. Myrick of Centerville, installing officer, and Mrs. Joe Blacow of Susanville were visitors. Mrs. Walter Connelly, who was sent to the state convention at Long Beach by the unit as substitute for the incoming president. Mrs. Grimmer, made a report and showed moving pictures that she had taken while at the convention. The Irvington PTA was one of the 4 units in Phoebe A. Hearst Council to receive the standard association award.

The new officers installed by Mrs. Myrick were: President, Mrs. E. M. Grimmer, vice-president, Mrs. Walter Connelly, 2nd vice-president, Jack Prouty, treasurer, Mrs. John Brown, recording secretary, Mrs. Lillie Robinson, corresponding secretary, Mrs. R. A. Griffin, historian, Miss Barbara Root, auditor, Mrs. C. J. Mohn, parliamentarian, Mrs. Manuel Soito, delegates, Mrs. Lewis Adams, Mrs. Herbert Rogers, Mrs. King Lemos; alternate delegates, Mrs. Geo. Scammon, Mrs. A. Kraft, Mrs. R. Griffin.

Standing chairmen: Membership, Mrs. A. Kraft, hospitality, Mrs. Geo. Scammon, cafeteria, Mrs. Bessie Olace, program, Miss Gertrude Mozzetti, welfare, Mrs. Esther Goularte, adult education, Beatrice Enos, budget and finance, Mrs. Jack Prouty, publicity, Mrs. E. H. Hirsch, magazine, Mrs. Robert Wright ways and means, Mrs. Manuel Silva, legislation, Mrs. Tom Powers.

Mrs. E. M. Grimmer was presented with the Unit President's pin by the outgoing president, Mrs. Elsie Soito, and Mrs. George Scammon presented the Past President's pin to Mrs. Soito. A historian's report was read by Mrs. Lillie Robinson. A joint executive meeting of officers will be held on the last Wednesday in June with Mrs. E. Grimmer and Mrs. Elsie Soito as joint hostesses. The time and place will be set later.

NEWARK Eugene Pashote Correspondent

Many Newark employees of the Westvaco Chlorine Products Corporation of Newark attended the annual company picnic held at Linda Vista Park on Saturday in Mission San Jose. Games were played, races were held, and many enjoyed the day swimming and dancing. A barbecue dinner was served at noontime.

Mr. and Mrs. W. J. Gould spent Sunday visiting at the home of Mrs. Laura Evans near Novato in Marin County.

Neighborhood NEWS

SURPRISE SHOWER HONORS SAN JOSE BRIDE-TO-BE

A surprise shower and barbecue was given at the W. T. Lindsay home in Niles last Friday evening at 6:30 o'clock by Miss Elizabeth Lindsay in honor of her roommate at San Jose State College, Miss Sarah Fay Morris, who's engagement was recently announced.

Enjoying the barbecue and presenting gifts and enjoying the games were Sarah Fay Morris, Barbara and Marilyn Critchfield, Patty McCanaha, Kenny Fisher, Jack Crane and Jim Kerr all from Hayward; Lorraine Wilder and Helen Donovan, San Jose; John Ferrante, Decoto; Bill Alexander, San Leandro; Elizabeth Lindsay and Walter Kleinsasser, Niles.

REGISTERED NURSES REFRESHER COURSE STARTS ON JUNE 22

Registered nurses who have been out of nursing for some time will again have an opportunity to prepare themselves to reenter the profession.

The Berkeley Board of Education and Highland-Alameda County Hospital are cooperating in giving a two months' refresher course. The clinical experience is given at Highland-Alameda County Hospital in the morning, and the theoretical instruction is given in the evening by the Berkeley Evening School.

The next class starts June 22nd at 8:00 a. m. Further information can be obtained from the Superintendent of Nurses, Highland-Alameda County Hospital.

The Newark Boy Scouts are enjoying themselves this week at their summer camp at Pescadero in San Mateo County with Jack MacGregor as chairman of the troop and in full charge of the group at camp. Mr. Val Tuchsien, Miss Mary Shea, and Mrs. Cecile Truscott are the cooks. Field activities and swimming are the main events at camp.

A birthday party was held last week at the home of Mrs. Maudie Butler in honor of her birthday, given by the Newark Sports-women Club. A beautiful gift was presented to Mrs. Butler and refreshments were served. Those present were Emma Dias, Irma Tedder, Helene Cottingham, Anne Wolfe, Inez Caldeira, Florence May, Leona May, Maudie Butler, Mary Fraga, and Ora Raber.

The Newark Sportsmens baseball team under the management of Joseph Dias was idle Sunday, as several members participated in the Washington High school graduation exercises at Centerville. Newark is to play an East Bay Area club Sunday at the Newark diamond.

The Newark Fire Department extinguished a grass fire Tuesday afternoon near the residence of Manuel Pashote on Central Avenue.

Final plans have been made for a dance to be held Saturday evening at the Newark Pavilion. Music will be provided by Irma Cook and her orchestra. The Newark Pavilion is equipped for blackouts.

Newark people are now being approached to buy Defense Bonds monthly and to contribute to the U. S. O. and the outcome is proving to be satisfactory.

NILES P. T. A. INSTALLS ITS NEW OFFICERS

Mrs. C. N. Myrick of Centerville installed Mrs. Fred Duffie as president for her second term, with a full slate of officers for the Niles P. T. A. Tuesday afternoon in the Niles Grammar school.

A program was prepared by Miss Eldora Perry and included a tap dance by little Patsy Cozzi, a song, Buy Bonds by Rachel Duarte, a duet by Richard Brunelli and Rachel Duarte accompanied by Miss Perry, and a song, The End of a Perfect Day by Mrs. Catherine Parry.

This was the last meeting until school begins again next September.

A large number of relatives and friends of Mr. and Mrs. Edward Costa on Arden Street were present Sunday evening at a graduation party held in honor of their daughter, Patricia, who graduated from Washington High school on Sunday. Refreshments were served and many beautiful gifts were received.

A total of ten gas masks was received by the Air Raid Wardens and the Newark Fire Department Saturday at 12 o'clock noon at Centerville.

Many Newark students and grown-ups attended the Senior Ball held Friday evening at the high school gymnasium in Centerville.

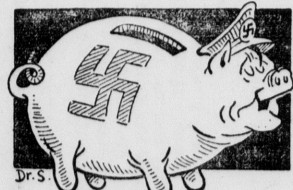

The Newark Sportswomen Club recently presented Mrs. Emma Dias, sergeant-at-arms for the club for three years, with a beautiful coffee table from the club.

The following officers were elected recently at a Newark Farm Home Department meeting: Mrs. Geneva Smith, president; Mrs. Ray Truscott, vice-president; Mrs. Lena Bertolotti, secretary-treasurer; and Mrs. Emma Collins, publicity chairman.

Mr. and Mrs. LeRoy Springer are the proud parents of a seven pound baby girl born Friday at Silva's Maternity Home in Niles. Both mother and baby are doing fine. The baby's name is Janet Joyce.

A birthday party was given for Mrs. Irma Tedder Monday evening by the Newark Sportswomen Club. A beautiful gift was given to the hostess by the club. Refreshments were served. Those present were: Anne Wolfe, Helene Cottingham, Mary Fraga, Florence May, Leona May, Emma Dias, Ora Raber Edith Meneze, and Maudie Butler.

Stanley Majeski of Newark and John Lito of San Mateo spent the weekend at Moccasin Dam trout fishing. Each brought home a limit.

BUSINESS WOMEN DINE

Mrs. Bernice Nordvik presided for the first time at the dinner meeting of the Business and Professional Women's club of Washington Township held Monday evening at the International Kitchen. Deputy District Attorney Joseph Schenone was speaker of the evening. Doris Machado was program chairman.

NATIVE DAUGHTERS HOLD ANNIVERSARY AT ELMHURST INN

IRVINGTON—On June 2 Betsy Ross Parlor, N. D. G. W. held their Anniversary Dinner at the Cottage Inn in Elmhurst. The Parlor's book officers and the deputy to the parlor were honored at this meeting. Minnie Castelhano made arrangements for the dinner and Metilda Enos and Margaret White had charge of the evenings entertainment.

President Constance Amaral, Deputy Bette Sukke, Recording Secretary Roumilda Emge, Treasurer Isabel Ferry and Financial Secretary Evelyn Garcia were presented with lovely gifts from the Parlor in appreciation of their work. Anne Rose of Irvington, who will join the organization at initiation ceremonies to be held in Oakland when the Grand Parlor convenes on June 15, was a guest of the Parlor for the evening.

A quiz program with all members taking part was held with gifts going to all those answering correctly. Members missing their questions forfeited their prizes and these were later sold, the money made on them being added to the Parlor's fund for a large Bear Flag. At the last meeting of the Parlor a check for \$5.00 was sent the U. S. O. chairman in Centerville. Nomination and election of officers also took place with the following members elected to office:

President, Evelyn Pieuxoto, 1st vice-president, Matilda Enos, 2nd vice-president, Minnie Castelhano, recording secretary, Margaret White, financial secretary, Evelyn Garcia, treasurer, Isabel Ferry, marshall, Ida Francis, trustees, Mary Freitas, Marie Williams, Mamie Perry, organist, Roumilda Emge, inside sentinel, Martha Faria, outside sentinel, Virginia Enos. President Constance Amaral automatically becomes Past President. Plans are being made for installation of officers in July.

CORPUS CHRISTI CARD PARTY

The regular monthly card party for the benefit of the Corpus Christi Church will be given at the parish house in Niles on Monday evening at 8:30 o'clock.

RESTRICTIONS ON NEW TELEPHONES ARE EXPLAINED

W. B. Sutherland, local manager for the Telephone Company, today explained the effect of the War Production Board's two recent orders limiting telephone installations. His statement follows:

"The requirements of war have created a shortage of copper, brass, aluminum, nickel and other vital materials. Telephone Companies use large quantities of these materials in the manufacture of equipment, such as switchboards, telephone instruments, central office equipment and telephone wire.

"The first order of the War Production Board curtailed the installation of extension telephones in residences and the changing of wall and desk types of telephones to hand sets. It also provided that party lines will be installed where sharing of lines will conserve scarce and critical materials.

"The second order further restricted the use by Telephone Companies of construction materials essential to the war effort. New installations of telephones will be restricted to persons or organizations engaged in direct war work or in occupations essential to the public welfare. Civilian subscribers not so engaged may be denied new telephone service unless existing exchange line capacity can take care of their needs on a party line basis without disrupting essential service."

NEWARK EXPERIENCES NEEDLESS BLACK-OUT

NEWARK — The town of Newark was blacked out Wednesday evening of last week at 10:15 when the signal "blue" confused the firemen on duty at the fire house. The firemen heard the Niles and Centerville fire sirens during the "blue" signal, and thought at the time that station KPDA had announced, "Air Raid—Red". However several minutes later the all clear was sounded, streets lights were illuminated and these three towns were back to normal again.

The alert, which was a precautionary measure because of the Dutch Harbor attack in Alaska that day was caused, however, by "an unidentified target off the coast, later identified as friendly."

Mrs. Mary Regan as chairman is assisted by Mrs. S. Nihill, Mrs. R. Peterson, Mrs. L. C. Perry, Mrs. Raghianti, Mrs. L. Orcutt, and Mrs. G. Rogers.

Five glaciers are supported by Mount Shasta.

Further Restrictions on Telephone Installations Are Necessary to Save Materials Vital to the War

The latest War Production Board Order further restricts the use by telephone companies of materials essential to the war effort. It restricts the building of cable or wire lines for the installation of new telephones, both business and residence, if more than a minimum of construction is involved — except for service necessary in the war effort or for public health, welfare and safety. It requires much wider use of party-line service.

The reason for these restrictions is to save additional quantities of critical materials used in providing telephone service—such as copper, aluminum, tin, steel, magnesium, zinc, nickel. These materials are urgently needed for the Nation's planes, tanks, guns, ships, munitions. They are VITAL TO VICTORY.

To install one extension telephone may require no more than 30 or 40 feet of copper wire, but to install thousands of them takes enough copper to wire a fleet of bombers.

The immediate effect of these restrictions upon the public will vary in different localities, depending upon what, if any, facilities are available. If you should be unable to secure the service you want, we know you will understand why. The temporary sacrifice of your personal convenience will make a worth while contribution to VICTORY—it is a real part of the price of protecting LIBERTY.

EXCERPTS FROM THE PRESIDENT'S PROCLAMATION

Washington, May 9, 1942

"Now therefore, I, Franklin D. Roosevelt, President of the United States of America, do hereby ask that on Flag day, June 14th, 1942, that the people of the United States fly the American Flag from their homes in honor of the nation's mothers and their valiant sons in service."

HERB CAEN, S. F. columnist — "Only a few people came over in the Mayflower. But we're all in the same boat now!"

"MIDWAY TO VICTORY!"

Let us all rejoice at the apparently smashing American victory around Midway Island which last week intercepted and all but destroyed a great Japanese invasion fleet, bound no doubt for Hawaii or a crack at our own Pacific Coast.

Admiral Nimitz, though bound by naval secrecy, nevertheless reported it was the greatest engagement in the history of the American Navy.

Please note, Americans, that everywhere we meet the enemy on anywhere equal terms, whether on the sea or in the air, our forces administer a smashing defeat. Macassar, the Coral Sea, now Midway Island; the flying tigers in Burma, our airmen in the South Pacific; the Marshall and Gilbert action, the Tokyo raid are all providing a series of glorious pages in American war history — (not that war and slaughter can ever be glorious.)

This war was forced upon us, like the last great war; we are fighting it valiantly and we are going to win it successfully.

When Japan squeals for mercy she will get bombed in reprisal for all she has done to our ally China. When Italy begs for armistice she will be punished too for her rape of Ethiopia, the oldest kingdom on earth. Ethiopia is the first kingdom, by the way, which is mentioned in the Bible. Its name occurs in Genessis 2:13 and its name was known to Moses in the Hebrew tongue. It existed even before Israel and its ruler to this day is known as the "Lion of Judah." Judah was one of the early tribes of the Jewish people.

When the nazis apply for mercy, what will they get? Extermination or dismemberment of the Prussian people and their hideous record of having started the last two great wars. They will be destroyed or scattered so they can never again upset the peace of gentle folk. The kaiser with his "mich und Gott" (me and God) and Hitler setting himself up to be god and be worshipped as God were and are both mistaken. The unlamented kaiser is dead, but death is too good for A. Schinkelgruber.

And that's the way it's going to be. The United Nations will win, and KEEP, the peace this time. Two great wars in the same quarter century are two wars too many.

The cultivation of the moral judgment is the crucial need of civilization. — Dr. Torrance Phelps.

In conduct do not make trifles of trifles. Regard the smallest action as being either right or wrong, and make a conscience of little things. — Spurgeon.

Editorial Page of the Township Register

ON TRADING AT HOME

B. W. (before the war) lots of Township residents made it a habit to drive to Hayward, San Jose or Oakland to buy things, and while there would even buy their groceries at the big public markets, under the belief they were saving money.

Now, with the rubber situation the way it is, these same families are doing their buying within the Township as far as possible. And that's a very good thing for local businessmen, who have invested their money in the endeavor to meet their local customer's requirements.

With ceilings now obtaining on prices everywhere, there will be no profiteering in this war, — and that's another very good thing.

It is not only right and proper to stay home and save your rubber now, and to trade for the necessities of life with your local merchants, but to DO WITHOUT certain pleasant luxuries heretofore enjoyed by most of us, such as buying new clothes with the changes of the seasons.

The money so saved now MUST be invested in War Bonds to the very limit of everyone's financial ability.

A local shoe merchant says he is selling more women's shoes now than he ever did. Women are getting less fussy about style and smartness and "keeping up with the Joneses" — for the Joneses can no longer spend extravagantly for everything as soon as it is put on the market. — And that's another very good thing.

Economy, thrift and patriotism are far more important at all times than being fashionable and extravagant. (And do we husbands sigh for joy to see our wives getting out last year's shoes, clothes and hats and wearing them again this year?) A man usually wears his clothes until they wear out; most men feel that, so long as they are decently clothed what matter the vintage of their garments? Most women . . . but why bring that up?

It is patriotic to trade at home, save rubber, and patronize your local merchant, who can only look to all of us for his support. — Just another welcome by-product of this war. — W.W.

CALLING CARD FOR BERLIN

The RAF now issues calling cards.

Beginning in the midst of the ordeal of German bombings of England in 1940, to lay the foundation for today's deadly fleet of four-motored bombers, and today ready, with the U. S. Air Forces to blast Germany city by city, the RAF this week warned the French people of 10 specific bombings to come.

Naming French plants making war materials for Germany, the British radio urged French workmen of the plants to take every precaution to save themselves from harm.

The most important calling card, the British say, will be presented to Berlin — not by radio but by a bombing armada of British and U. S. air dreadnaughts that will return a hundred fold the damage inflicted upon London and Coventry.

LONG RANGE OPTIMISM

A great idea whose hour has come
Is mightier far than gas and bomb;
The idea of the unleashed mind
And what it means to all mankind
With cosmic sanction cannot fail
To crush the forces that assail;
The friendly stars are its allies,
And sing approval from the skies;
In spite of all the cynics say
The truth still has the right of way;
The meek shall yet possess the earth;
What ought to be shall come to birth;
The darkness shall be slain by light,
And brutal might give place to right;
The good shall reap what they have sown,
And each to all shall kinship own.

How do I know?

My Easter insight tells me so.

Henry Stauffer,
Berkeley, California.

NOW, SPEAKING OF GOVERNORS. . .

Attorney General Earl Warren made a recent reference to Governor Olson, when he said: "I would not be a candidate for Governor at this election if I believed the present Governor of California had demonstrated a willingness and a capacity to give us the kind of leadership which the present emergency demands. A Governor who can't command unity in his own high command, who is intemperate in his every word and act, and who is intolerant of all who honestly differ with him, presents a sorry spectacle when he goes before the people with a plea for unity.

"The people, I repeat, already are united. The people already have demonstrated their willingness to sacrifice. The people aren't at fault in this situation. The fault lies with a leadership which is still thinking in terms of selfish interest and partisanship."

MORAL STRENGTH

From lack of moral strength empires fall. Right alone is irresistible, permanent, eternal. — Mary Baker Eddy.

Those love truth best who to themselves are true,
And what they dare to dream of, dare to do.

— Lowell

I am not bound to win, but I am bound to be true, I am not bound to succeed, but I am bound to live up to the light I have. — Lincoln.

Know ye not, that to whom ye yield yourselves servants to obey, his servants ye are to whom ye obey; whether of sin unto death, or of obedience unto righteousness? — Romans 6: 16.

W. E. Crouch, U. S. Fish and Wildlife Service Division official — "There are more than 900,000 big game animals killed in this country annually. That much meat, with all other fish and game, could feed an army of 5,000,000 men 75 days, if our regular food supplies should run low."

IDEALS

All good that ever was written, taught, or wrought comes from God and human faith in the right. — Mary Baker Eddy.

A man will not be the better because he had a well-born father, if he himself is nought. But true high-birth is in the mind, it was never in the flesh. — King Alfred.

What you believe must influence what you are. What you are determines what you do, and what you do determines your value here and hereafter. — Jane Tudor.

There is nothing that makes men rich and strong but that which they carry inside of them. Wealth is of the heart, not of the hand. — John Milton.

VIEWS & OBSERVATIONS

By The Editor

INSTEAD OF calling Hitler "Fuehrer" he should be called FUREOR!

THE CHANGE of spirit in the American public is very apparent during the past three months. Early this year when patriotic symbols like our Flag, the Statue of Liberty or the President's face were thrown on the screen at a moving picture house there was mild and polite hand-clapping.

Now when these symbols are shown there is genuine and enthusiastic applause, showing the

spirit of patriotism is being re-born in the hearts of the American People. And that's a very good sign.

JUDGING FROM the size of the crowd picnicking and enjoying themselves Sunday at Alum Rock Park, (yours truly among them) the war is a long ways off and life goes on quite as usual here on the West Coast, at least in the non-industrial area.

And why not? Are we to pull long faces and heap ashes of penitence on our heads because of a ghastly war which we did not start and never did want?

Hardly. It is our privilege as free Americans in God's Country to take advantage of our privileges and be grateful for them.

Fat people sat down to tables loaded with food, ate to repletion and usually carried away enough for another meal. — The only sad part is that we cannot share our abundance with the starving peoples of Europe. Uncle Sam tried sending food to France; the nazis took it. We would try to send food to the starving Greeks, but the nazis would take that too.

It is evidently the fate of the Greeks to starve while we revel in a land of plenty. "To him that hath shall be given", etc. is a very cruel statement in Scripture — but true to life. And there is nothing we can do about it, but be glad we are on the receiving end.

WITH THEIR merciless bombing of Germany's big cities the British are working over the old German motto "Deutschland Uber Alles" (Germany over all) to read "Deutschland Unter Allies."

ONE WASHINGTON columnist has a bright idea regarding our present farm labor shortage. Wrote Ray Tucker last week:

"Another suggestion looks toward wholesale employment of Axis prisoners captured on foreign fronts. Germans and Italians are experienced, and qualified to do the kind of work needed. They would receive the compensation to which their rank in home armies entitles them. And for most of them the prospect of peace, regular meals and decent beds would be nothing less than Utopia, according to reports from abroad."

OPENINGS LISTED FOR YOUNG MEN

The local United States Army recruiting station located in the post office building Oakland, California, announces the following list of vacancies:

Boys 18 to 19 years of age may now be enlisted for any of the assignments shown below:

Air Corps, Signal Corps, Quartermaster Corps, Armored Forces, Infantry, Cavalry, Field Artillery and Coast Artillery.

Vacancies for parachute troops stationed at Ft. Benning, Georgia, for men between the ages of 18 to 30.

Vacancies for radio operators in the Signal Corps for men between the ages of 18 to 45.

Also vacancies for the U. S. Army, unassigned, for men between the ages of 18 to 45.

PATRICK McDONOUGH ANNOUNCES FOR STATE SENATOR

Patrick W. McDonough, prominent for years in East Bay Democratic circles, today announced his candidacy for state senator in the 16th district, which includes all of Alameda county, by filing the necessary papers.

McDonough, lifelong resident of Alameda County, attended as delegate the 1940 Democratic National Convention.

He owns a large industrial plant in Oakland, the Boiler Tank & Pipe Co., engaged in war activities; is a licensed engineer, member of the American Society of Mechanical Engineers; and is a licensed attorney.

Faternally McDonough belongs to B. P. O. Elks, the Moose, the Eagles and the West of Market Boys, as well as Piedmont Parlor, N. S. G. W. He belongs to the Alameda Golf Club, and is prominent at Sequoyah Country Club and at Berkeley Country Club.

He is a resident of Oakland; married, with two children.

Your county has a War Bond Quota to meet this month. Is your own household budget apportioned so that you will put 10 per cent into War Bonds.

Coffee on Wheels—That's Service!

Where the soldier can't go to the USO, the USO goes to the soldier. Here, "somewhere in Hawaii" under the ever-present peril of Japanese bombers, the staff of a USO Mobile Unit serves coffee to two service men in tropical kit at an outpost far from the nearest USO clubhouse.

These motorized units are detached to duty in remote areas, especially those in coastal areas of the United States and Hawaii. And it's not only "coffee-and" that they bring. There are cigarettes, candy, books, magazines, newspapers, writing material. The Mobile Unit carries a movie machine to the service men in isolated posts.

This is one of the services expanding under the program of

USO's War Fund Campaign, which will be held between May 11 and July 4 in a nationwide drive to supply recreation, entertainment and comforts to America's fighting men and the civilian forces behind the lines.

Mobile units serve those who cannot get to one of the 400-odd USO clubhouses near army and navy stations.

Component agencies of USO are the Young Men's Christian Associations, the National Catholic Community Service, the Salvation Army, the Young Women's Christian Associations, the Jewish Welfare Board and the National Travelers Aid Association.

Wherever the Army and Navy go—with their numbers growing toward the 4,000,000 mark—USO goes, too.

The FARMERS CORNER

by RALPH H. TAYLOR
Executive Secretary
Agricultural Council
of California

California farmers, who have frequently chafed under unreasonable and arbitrary rules and regulations of government bureaus and departments, and who have often been denied the right of appeal or redress when such bureaucratic agencies usurped legislative and judicial powers, will be reassured to learn that the courts have finally started to put a check-rein on such practices.

Bluntly accusing State administrative boards and bureaus of usurping judicial responsibility, the State Supreme Court, in a recent decision, stripped such boards of many of their self-assumed powers and ruled that a person whose license has been revoked by an administrative agency is entitled to a complete new trial before a superior court. The decision also held that the board's findings are not binding upon the court.

The decision was handed down by the Supreme Court in granting an appeal by E. W. Laisne, San Francisco, Oakland and Fresno optometrist, whose license was ordered revoked after a hearing by the State Board of Optometrists. He appealed to the Fresno County Superior Court to set aside the board's order, asking for a new hearing and an opportunity to present new evidence, but the superior court denied his motion.

The Supreme Court, however, ordered the superior court to give him a new trial on the ground that he had been deprived of property rights without due process of law.

It is hoped that every bureau, board and department of State Government will take note of the majority ruling of the Supreme Court in this case, for many such bureaus, in recent years, seem to have considered themselves "above the law", and have been guilty of high-handed practices which are an affront to a democratic people.

The high court said: "It is true that there can be no complete separation of powers of government in an ever changing social order."

"There still remains, however, this unadulterated fact that when one department or an agency thereof exercises the complete

power that has been, by the Constitution, expressly limited to another, then such action violates the implied mandate of the Constitution.

"If, in the instant case, the superior court in the mandate proceedings were limited to the evidence presented before the board, or if the findings of fact by the board were conclusive on the court, then the board would be exercising the complete judicial powers reserved to the . . . courts."

This case, to be sure, deals with one of the many abuses of which

WATCH FOR YOUR DRAFT NUMBERS!

The men who registered in the third draft on February 16 should keep an eye on the window of the Draft Board office at Niles. These men are being classified rapidly and new lists are posted nearly every day.

Effective June 15 men inducted into service who are accepted will be granted a 14-day furlough in which to settle up their civilian affairs, if they wish to apply for such a furlough, this office is informed.

government bureaus have been guilty — that of taking unto themselves judicial authority, and of doing everything in their powers to prevent persons injured by their decrees from securing redress in the courts. But if the citizen knows that he now has the right to appeal to the courts, and to present evidence which he was denied the right to present before the board in question, government agencies may be less arbitrary in their actions, and may give more thought to the rights and welfare of the individuals who appear before them.

The constant encroachment of boards and bureaus on the legislative branch of government, however, is equally serious, and in the case of the farming industry has been even more costly and irritating. Now that the Supreme Court has seen fit to clamp down on usurpation of judicial authority by State boards, the Legislature would do well to curb bureaucratic agencies which seek to enact new legislation by the simple expedient of passing rules and regulations and declaring that they have the full force of statutes. Still another practice which needs to be stamped out is that of "legislating by definition" — a high-handed subterfuge which State boards have resorted to frequently in "defining" agricultural labor so as to make statutes apply to farm workers which were never intended to apply to them.

Neither farm people nor citizens generally object to abiding by the laws of the land, but they do object to being denied their day in court when they are accused of a violation — and they are naturally resentful when petty bureaucrats stretch the law to suit their own purposes.

DONT USE PHONES DURING DISASTER

SACRAMENTO — Use of telephones and other communication systems for non-essential calls during blackouts or enemy raids on target areas may result in arbitrary restrictions being invoked, the State Council of Defense indicated today.

Kenneth R. Hammaker, executive director of the council, announced adoption of a resolution by the transportation, works, housing and facilities committee, calling upon citizens to cooperate with authorities and not use telephones during emergencies.

"The communication systems will be taxed to capacity during emergencies, and should not be used by private citizens except in cases vitally essential to defense, public health, welfare or security," he said.

"The committee believes that failure of the citizens to cooperate may necessitate a request being made to communication concerns to furnish service in emergencies only to persons or organizations specified by appropriate authorities."

GLUG!

YOU, TOO, CAN SINK U-BOATS

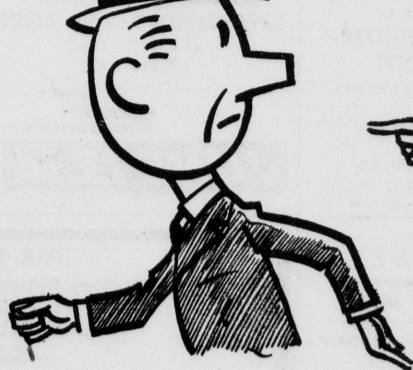

BUY

United States War Savings Bonds & Stamps

U. S. Treasury Department

Who, me?

Yes, you!

Yes, neighbor, you . . .

. . . quiet, self-effacing you, are a living part and parcel of the biggest, toughest, bloodiest war in all the hard pages of history.

You can't escape it. You can't hide out on the moon! For here is a war EVERYBODY is in. The man behind the plow. The kid in knee pants. The oldster with the cane. The housewife with the market basket. The white-collar worker. The blue-collar worker. The girl in the schoolroom. We're ALL in it—lock, stock, body, and soul.

If America loses, you lose. If America goes down (and it can), you go down, too. And every decent thing goes down with you . . . that home, that hearth, that patch of ground, that blessed freedom.

The only way to save these things is to win the war!

And the only way to win is to out-build, out-gun, out-plane, and out-fight the enemy—to make him sick at the sound of

a propeller, the sight of a tank, the roar of a bomb.

That's where you come in.

For, brother and sister, building these things takes money. Lots of it! And your government needs that money right now! Not for keeps. They don't want you to give it away. They just want you to lend it to them.

Invest every dime, quarter, half-dollar, and dollar you can lay your hands on in U. S. Stamps and Bonds. Not just spare money but money you can't spare. Dig deep. Deny yourself. This is war!

Make every pay day Bond day. Make every day Stamp day. Start doing it this very day!

COWBOY PARADE OPENS LIVERMORE RODEO SATURDAY

Only big rodeo in California this year, the 25th annual Livermore Rodeo is ready for presentation at the Alameda County city this week end, with a spectacular show to be staged Saturday and Sunday for the benefit of Navy Relief.

Sixteen unriden Brahma bulls, and a new group of bucking horses, including the great Scene Shifter, rated as one of the top horses of all time head the animal cast for the big show. Long-horned Mexican steers, savage Black Angus cows and their fighting, squirming calves, will be featured in other arena events, while the spotted pintos of trick riders and ropers, the highly-skilled stockhorses, speedy pony express and relay race horses, and the gorgeous Palominos will dominate the track program.

Specialty events include the brother clown stunts of Homer and Elmer Holcomb; the skill and color of Monte Montana, augmented by the first appearance of Monte Jr., all of five years old and already a trick riding star; Berenice Taylor glamorous trick rider; Verne and Myrtle Goodrich trick riding champions of Madison Square Garden; and Floyd Murphy, greatest pony express and relay rider now in the game.

Cowboy parades open the show at 1:30 each day. Children of elementary school age will be admitted free Saturday. Dancing and carnival attractions provide the Rodeo Frolic, Saturday night, and a free horse show opens the Sunday program at 9 a. m.

VISIT WOMEN'S COLLEGE

IRVINGTON — Mrs. Nora Rogers, Miss Betty Bettencourt, Miss Margie Brunelli from Niles and Miss Eleanor Enos from Irvington visited the San Francisco College for Women last Saturday in San Francisco.

Reverend Henry Stauffer of Berkeley filled the pulpit on Sunday at the Niles Congregational church. Reverend Hewitt will preach at the Church next Sunday.

RIO RITA

Superman Cartoon

WOMEN SERVE THE GUNS defending Britain from enemy raiders by operating the predictor apparatus. Into this complicated machine, they feed data on the course, speed and height of the enemy aircraft. Thus the men who work the guns can fire at the right spot in the night sky. Even while the guns are shooting, as this picture

shows, the girls go on working despite enemy bombs so as to keep up a continuous barrage against the marauders. During the recent Nazi raids on Britain, these girls have earned high praise for their coolness under fire. One of them has already been killed in action at her post.

ABBOTT & COSTELLO ENACT SPY CHASERS!

Comedians Bud Abbott and Lou Costello turn spy-chasers in their new musical comedy, Metro-Goldwyn-Mayer's "Rio Rita", showing at the Niles theatre next Wednesday and Thursday.

They are aided in their latest escapade by Kathryn Grayson and John Carroll, who furnish the love interest and the songs. Patricia Dane, Tom Conway, Peter Whitney, Arthur Space and Dick Rich are the spies who are routed in a dramatic finale in a free-for-all fight.

"Rio Rita" and "The Ranger's Song" have been taken from the original musical, and several new numbers have been written especially for the production.

An interesting novelty featured in the musical comedy is the dancing of Eros Volusia, Brazilian native dancer, who makes her debut with a medley of Rio rhythms. The production was directed by S. Sylvan Simon.

Reserve Lieutenant J. L. Pearson of Niles, who is employed at the Pacific Coast Aggregates plant, received a wire Wednesday ordering him to report for duty. He leaves on June 24 for an army post in Missouri.

COAST GUARD NEEDS MEN FROM 17 TO 35 YEARS

The United States Coast Guard has announced an increased quota for men to be enlisted in June, and the Officer-in-Charge of Coast Guard recruiting in the northern California area is issuing a call for men between the ages of 17 and 35 to apply immediately for training at our local training station recently opened.

The Coast Guardsmen are law enforcement men in peacetime, but in wartime they patrol the coasts, protecting ships and commerce, and perform various other military duties which make it necessary that the personnel in this branch of the service be greatly expanded; hence the recruiting drive which is now under way in the U. S. Coast Guard. Every man in the Coast Guard is a volunteer. All enlistments in the Coast Guard are for the duration of the war. Besides openings for seamen, the Coast Guard is also enlisting experienced mechanics, machinists, and cooks, who are rated as petty officers. There are vacancies also for two barbers, to be filled immediately.

Further information regarding service in the U. S. Coast Guard will gladly be given to interested men at the Coast Guard recruiting office, 110 Custom House, Washington and Battery Streets, San Francisco, which is open each day except Sunday from 8 a. m. to 9 p. m. for the convenience of men who are employed on various shifts. You should apply for information in person, with birth certificate or other documentary evidence of birth, such as a baptismal certificate. A request by mail for information should give the following details: name and address, age, height, weight, citizenship, whether married or single, and experience.

MISSION TEAM WINS

MISSION — On Thursday evening May 28 the Tangle and Twist Fishing Club fired a rifle match with the P. G. & E. Rod and Gun Club of San Jose, and the San Jose Water Works team contested with the Palo Alto Rod and Gun Club at San Jose. The home town boys carried off the honors with a score of 925 out of a possible 1000. The San Jose Water Works team was second with a score of 905.

CLASS OF 1942 GIVES WAR BOND TO STUDENT BODY

CENTERVILLE — At the final senior assembly of the Class of 1942 held last week at Washington Union High school the graduating class presented a \$100 War Bond to the Associated Students. Walter Texera, class president made the presentation.

Miss Cleone West of Sunol was awarded the D. A. R. citizenship award as the outstanding girl student of the class. Miss Sheila Leachman, dean of girls, made the presentation. John Williamson was master of ceremonies of the fun program which followed.

DISASTER COMMITTEE HOLDS REGULAR MEET

CENTERVILLE—The Township Defense Coordinating Committee met in the justice courtroom here on Friday night for its regular monthly report meeting with F. T. Dusterberry presiding. Joe Schenone represented the district attorney's office in the absence of Mr. Hoyt. Routine reports were made by the dozen department chairmen present, with each one naming an alternate to serve in the event of his or her absence during a disaster.

Seventy-five new gas masks are being distributed in the Township, it was reported. The next meeting will be held on Friday July 10.

Mrs. Josephine Morris, home economics instructor at Washington Union High school left Centerville on Sunday for a visit in New York City.

NINE RECEIVE DIPLOMAS FROM MISSION SCHOOL

MISSION — The Mission Grammar school held graduation exercises on the front lawn of the school on Friday afternoon, June 5. The program began with the pledge of allegiance to the flag and several songs by the different grades of the school. Reverend Hugh Ryan gave a very fine talk on Americanism and the purchase of war bonds and stamps. The farewell was given by Laura Garcia and response by Richard Meyers.

Those who received their diplomas after eight years of work were Dolores Garcia, Marie Lawrence, Laura Garcia, Arlene McNemar, Raymond Garcia, Evelyn Brown, Fred Zavala and George and Joe Goto, two of our Japanese boys who are now at Tanforan.

The board of trustees consists of Joseph Azeveda, Joseph Telles, and Edward Callahan, clerk. The teachers are Mrs. Edith Awbrey, Mrs. LaVerne Dickerson and E. B. Hodges, principal. Little Nadine Millard and Stanley Garcia acted as diploma bearers.

GIANT MILITARY PAGEANT IN S. F.

SAN FRANCISCO — It's MacArthur Day at San Francisco's Kezar Stadium next Saturday (June 13) when a giant military pageant will display fighter planes, flame throwers, tanks, jeeps, light and heavy mortars, machine guns and soldiers in sham combat.

HOUSEHOLDERS MAY NOW TAKE OUT BOMB INSURANCE

Insurance men, who are slickers at the business of figuring mathematical odds, are pretty contemptuous toward Japanese hopes of staging a full "Cologne blitz" on any California city or of sustaining a steady air attack on our civilian population.

As soon as the details are worked out, the Reconstruction Finance Corporation and private insurance companies will issue air raid property insurance on California homes at a rate of 10 cents per \$100 of value. In other words, if and when the Japs aim a bomb at any given house or building, the insurance industry will bet 1000 to 1 that they miss it — and insurance men expect to make money at those odds.

So, though the Japs have demonstrated that they can bomb America, there should not be undue alarm because the danger is real for all of us and the threat of death and destruction from the skies is mysterious and fearful. Of every 1000 homes in California, the Japs may reasonably expect to destroy or damage one, the experts say. Anyway, they'll bet \$100 against a thin dime that your house won't be it.

That might be called reassuring arithmetic! At Niles the Ellsworth company is now writing this type of insurance. Their advertisement may be found on the back page.
